### What Strategies will you use to meet these instructional goals?

Professional Development will be given on the above mentioned strategies. In addition, teachers will collaborate to share the strategies and methods they have learned from these trainings with all staff. We will ensure integration of these instructional practices into our classrooms on a routine basis.

### What materials will you purchase and how is it related to your plan?

Materials and presenters will be needed for each staff development. If needed, substitutes will be provided for teachers during Professional Development activities. In addition, we will need implementation materials for each of the above programs, including: books, flip charts, student materials, manipulatives, and other teaching aids.

We will also purchase StemScopes digital platform for grades 1-5.

### **Instruction by Qualified Teachers and Paraprofessionals**

  ✓   Documentation from Human Resource Department provides documentation of compliance with ESSA requirements for teacher and staff qualifications.

**High Quality and Ongoing Professional Development** - High quality and ongoing staff development opportunities are provided for teachers, principals, and paraprofessionals. These staff development opportunities are designed to meet the needs of all students and staff as identified in the *needs assessment*. Some staff development is continued to meet the needs of new teachers and those new to a grade level. Others cover new topics for all teachers. The professional learning opportunities that our teachers are participating in are:

**What Strategies will you use to attract qualified teachers to high need schools?**

High quality and ongoing professional development opportunities are provided for teachers each year. Bethel Elementary teachers participate in the district wide staff development day held each year. We also have staff development on site, such as book studies and Max Thompson’s training on “Designing Literacy Focused Schools.” New teachers are given hands- on support through the mentor program and the use of instructional coaches. New teachers are allotted funds to help set up their classrooms. Each grade level team has a day every 9 week period for long range planning. A planning period each week is designed for grade level PLC’s so each team of teachers can analyze data and plan accordingly to meet students’ needs.

**What materials will you purchase and how is it related to your plan?**

Materials and presenters will be needed for each staff development mentioned above. Funding may need to be provided for some Professional Development conducted by organizations other than the school, or county. If needed, substitutes will be provided for teachers during Professional Development activities and grade level planning days. In addition, we will need implementation materials for each program including: books, flip charts, student materials, manipulatives, and other teaching aids.

The principal also provides a Planbook subscription for all teachers for planning purposes.

**Including Teachers in Decisions Regarding the Use of Assessments** - Bethel Elementary School includes teachers in the decisions regarding the use of academic assessments in order to provide information on, and to improve, the achievement of individual students and our overall instructional program. We have:

Please check all that apply

✓	Representatives on the system-level curriculum council	✓	Grade level meetings to provide our staff with updates on current issues in curriculum and assessments
✓	Teacher Use of Formative assessment	✓	Input into the K-2 Literacy and Math Assessments
✓	Input into the revision of the HCS Spring Benchmark Assessments	✓	Representatives on the district-level committee that reviews Curriculum Pacing Guides
✓	A lead teacher who facilitates discussions regarding the use of student assessments for refining teaching, determining additional instructional and professional learning needs	✓	Opportunities for our teachers to disaggregate student performance data to make appropriate educational decisions and track student progress
✓	Professional Learning Communities	✓	MTSS Problem Solving Teams
	Other:		Other:

**What Strategies will you use to include teachers in decisions regarding the use of assessments?**

Regular classroom teachers will collaborate with administration during weekly Professional Learning Communities. Grade level teachers will implement and utilize common assessments to determine student need and make plans for progress during these weekly PLC meetings. Grade level meetings will continue to be held to increase teacher collaboration and to keep teachers informed on current updates and curriculum. We have regularly scheduled MTSS problem solving team meetings to evaluate student data and work with teachers to determine the specific needs and interventions for students with academic or behavioral concerns. Bethel Elementary teachers will participate in any county wide curriculum council opportunities and offer input on K-2 assessments.

**What materials will you purchase and how is it related to your plan?**

The school needs to provide adequate technology for teachers to collect data and use for assessments. Various technology programs, such as IXL, mastery connect, and StemScopes, will need to be funded for students and/or teachers. The district usually offers stipends for teachers participating in curriculum development.

Chromebooks and iPads have been and will continue to be purchased to help with remote learning as well as in the classroom.

**Strategies to Increase Parent and Family Engagement**- Bethel Elementary School recognizes the value of parent and family engagement in their child’s success. We strongly encourage parents to be involved in **all** school activities. We utilize a written parent and family engagement policy that is revised annually with input from our stakeholders. We also revise annually our Home/School Compact which is distributed to all families at the beginning of each school year. **No more than 20% of the budget can be spent for food.** Some additional strategies used to increase parent and family engagement are:

**What materials will you purchase and how is it related to your plan?**

Our School Improvement Team approved several changes to our Blue Paw program which works to reinforce our school wide attendance. Materials may be needed for this incentive programs or for other strategies the team develops.

**Coordination and Integration of Federal, State, and Local Services** - In Bethel Elementary School, all federal, state and local services are coordinated. Funding sources are blended to ensure that all children have significant opportunities for quality learning and academic success. We assess the needs of students and design appropriate personal educational plans for those who need additional support. All personnel funded from various sources are utilized to promote student learning and success. Funds from all sources are used to purchase needed supplies and materials to meet the needs of our students. Personnel from all funding sources serve on school level MTSS teams. We also blend funds to maximize professional learning opportunities for all school staff and parent involvement activities for all families. We view the SIP as a working document and all available resources are utilized to implement our SIP.

**What Strategies will you use to meet these goals?**

We will monitor all budget sources to include federal, state, and local budgets. Our Academic Needs Assessment will be utilized to ensure we prioritize additional support to the highest areas of need. We will use all data sources to monitor student needs and ensure teachers have appropriate materials to meet those needs.

**What materials will you purchase and how is it related to your plan?**

Federal money will be used for human resources to meet student needs. Parent Engagement money will be used for STEM, Math, and Literacy Night materials and presenters. Some federal money will be used to provide substitute teachers to be sure classroom teachers can attend professional development opportunities.

**Resources Used in Programs** - Resources under Title I, Part A and other federal, state, and local government funds and local organizations are used to implement our schoolwide programs. All funds are combined to address the components of the schoolwide plans to ensure that all students reach, at a minimum, proficiency on the challenging North Carolina academic standards and the Haywood County academic assessments. Title I funds do not supplant activities that are funded from state and local sources. Resources include, but may not be limited to:
